ENCAUSTIC TILES

MOSAIC TILES

Innomat is proud to offer three types of decorative tiles, aiming at the harmony between aesthetics and functionality. Each product is a combination of sustainable materials, elegant lines and modern design inspiration.

Whether it is a living space or a commercial project, decorative tiles are not only a material, but also contribute to expressing personality and unique aesthetic taste.

With a variety of colors, patterns, and designs, we aim to help you create beautiful spaces with a personal touch, **where every detail is carefully taken care of with dedication.**

SUBWAY TILES

Like the dashes of time, subway tiles carry within them a quiet and profound beauty. Each grain, each shade reminds us of the meticulousness and sophistication in every small detail. It is not just the material that makes up the wall, but also the aesthetic language for souls who love simplicity with depth.
